## KBS Realty, Kane Realty to build 18-story multi-tenant office tower in Raleigh

On September 11, 2014

Like  Tweet

KBS Realty Advisors (Newport Beach, California) has announced that it entered into a joint venture agreement with Raleigh N.C.-based Kane Realty Corp. to develop North Hills Tower Two in Raleigh, N.C.

The companies plan to develop approximately 300,000-square-foot, Class A, 18-story mixed-use office/retail property in midtown Raleigh. It will be located at 4242 Six Forks Rd., in midtown Raleigh.

North Hills Tower Two, designed by Durham-based architects Duda Paine, will include 10 stories of office atop seven levels of parking. Amenities will include access to a conference center and concierge, structured parking, an 8th floor balcony, and showers and locker rooms.

An additional 13,000 square-feet of ground floor retail will be included.

Bank of the Ozarks is the construction lender, while Holder Construction Co. is the general contractor.

Mac Hammer and Doug Cook with Cassidy Turley have been selected as the project marketing and leasing representatives for North Hills Tower Two.

Construction is expected to be completed in April 2016.
